Without resources of her own, Kathleen had to rebuild her life, find a new school for her children, regain control of her finances, and find a permanent home she could afford. Women Against Abuse case managers helped her draw a plan to get there. And on-site therapists partnered with Kathleen to begin the process of sorting through the horrific trauma she had experienced.

Raising children in a LGBT household. Although research shows that children with gay and lesbian parents are as well-adjusted as children with heterosexual parents, they can face some additional challenges. Some LGBT families face discrimination in their communities, and children may be teased or bullied by peers. Parents can help their children cope with these pressures in the following ways ...
